

## SAFETY DATA SHEET

Product: LithoFoam® SL 200-L

Version: 02/2016

### Section 1: Identification of the substance/mixture and of the company

#### 1.1. Product identifier

- **Product name: LithoFoam® SL 200-L**
- **Use of the product:**  
Molecular engineered protein for LithoPore® foamed concrete applications

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

for industrial use only.

#### 1.3. Details of the supplier of the safety data sheet

- **Manufacturer:**  
Luca Industries International GmbH  
Phone: +49 30 457989680  
Fax: +49 30 457989689  
Email: [info@dr-luca.com](mailto:info@dr-luca.com)

#### 1.4. Emergency telephone number: +49 30 457989680 (during normal business hours)

### Section 2: Hazards Identification

#### 2.1. Classification of the substance or mixture

- **Classification according to Regulation (EC) nr. 1272/2008**  
This product does not meet the criteria for classification as hazardous as defined in the Regulation EC 1272/2008
- **Classification according to Directive 67/548/EEC or 1999/45/EC:**  
This product does not meet the criteria for classification as hazardous as defined in the Directive 67/548/EEC or 1999/45/EC

#### 2.2. Label elements

- **Hazard Pictograms:** no hazard pictograms necessary.
- **Signal word:** not applicable
- **Hazard statements:** No hazard statements
- **Precautionary statements:**  
P305+351+338 IF IN EYES: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing  
P301+P330– IF SWALLOWED: Rinse mouth.  
P302+P352 – IF ON SKIN: Wash with soap and water.

## SAFETY DATA SHEET

Product: LithoFoam® SL 200-L

Version: 02/2016

### 2.3. Other hazards

Possible harmful physico-chemical effects: mild irritation of the skin and eyes

## Section 3: Compositions/information on ingredients

### 3.1. Substances

### 3.2. Mixture

Special composition of engineered proteins  
Modified surface-active agents  
Water

## Section 4: First aid measures

### 4.1. Description of first aid measures

- **Inhalation:** not applicable
- **Skin Contact:** remove any contaminated clothing and wash skin and hair thoroughly with running water.
- **Eye Contact:** wash in and around the eye area with large amounts of water for at least 15 minutes.
- **Ingestion:** Rinse mouth with water. Give a glass of water. Consult medical doctor.

### 4.2. Most important symptoms and effects, both acute and delayed

No further informations available

### 4.3. Indication of any immediate medical attention and special treatment needed

No further informations available

## Section 5: Firefighting measures

### 5.1. Suitable extinguishing agents:

No fire risk. Use firefighting measures that suit the environment.

### 5.2. Special hazards arising from the substance or mixture:

Not-combustible material. No hazardous combustion products are known.

### 5.3. Advice for firefighters

It is recommended to wear self-contained breathing apparatus.

## SAFETY DATA SHEET

Product: LithoFoam® SL 200-L

Version: 02/2016

### Section 6: Accidental release measure

#### 6.1. Personal precautions, protective equipment and emergency procedures:

It is recommended to wear protective equipment (protective gloves and goggles) to prevent skin and eye contact.

#### 6.2. Environmental precautions: No special environmental precautions required.

#### 6.3. Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

#### 6.4. Reference to other sections: No release of hazardous substances.

### Section 7: Handling and storage

#### 7.1. Precautions for safe handling

Avoid contact with skin and eyes.

#### 7.2. Conditions for safe storage, including any incompatibilities

- **Requirements for storage rooms and containers:** Store in a cool, dry, place and out of direct sunlight.
- **Advice on storage compatibility:** no special requirements
- **Further informations about storage conditions:**  
Recommended storage temperature: 10-25°C  
Storage stability: in case of intended storage in compliance with instructions 1 year storable.  
Storage class: 12

Color changes during storage does not impair the effect of the product.

#### 7.3. Specific end use(s) No further informations available.

### Section 8: Exposure controls/personal protection

#### 8.1. Control parameters

- **Workplace Exposure Limit:** No exposure limits have been published for this product.
- **Technical measures to prevent exposure:** Keep containers closed when not in use.

#### 8.2. Exposure controls:

- **General safety and hygiene measures:**  
It is recommended to wear skin and eye protection (protective gloves and goggles).

**SAFETY DATA SHEET**

Product: LithoFoam® SL 200-L

Version: 02/2016

- **Hygiene:** Avoid contact with skin and eyes. Keep the material away from food and drink. Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storage or re-use.

**Section 9: Physical and chemical properties**

**9.1. Information on basic physical and chemical properties**

**9.1. Information on basic physical and chemical properties**

- Appearance: liquid, yellowish to light brown
- Odor: mild, depending on product
- Odor threshold: not available
- pH: 6.00-7.50
- Melting point/freezing point: not available
- Initial boiling point and boiling range: not available
- Flashpoint: not flammable
- Flammability: not flammable
- Upper/lower flammability or explosive limits: not explosive
- Vapor pressure: not available
- Vapor density: not available
- Relative Density: 1.00 -1.20 (20°C/ 68°F)
- Solubility: unlimited solubility in water
- Partition coefficient (n-octanol/water): not available
- Auto-ignition temperature: not combustible
- Decomposition temperature: not available
- Viscosity: not available
- Ignition point (°C): not-combustible
- Explosive properties: not explosive
- Oxidizing properties: not oxidizing

**9.2. Other information:** No further informations available.

**Section 10: Stability and reactivity**

**10.1. Reactivity:** Stable under recommended conditions.

**10.2. Chemical stability:**

Stable under normal ambient and anticipated storage and handling conditions of temperature and pressure..

**10.3. Possibility of hazardous reactions:** Will not occur

**10.4. Conditions to avoid:** No further informations available

**SAFETY DATA SHEET**

Product: LithoFoam® SL 200-L

Version: 02/2016

**10.5. Incompatible materials:** No further informations available.

**10.6. Hazardous decomposition products:** No further informations available.

**Section 11: Toxicological information**

**11.1. Information on toxicological effects**

No adverse health effects expected if the product is handled in accordance with this Safety Data Sheet and the product label.

- **Acute toxicity:** Not expected to be acutely toxic.
- **Skin corrosion/irritation:** Prolonged skin contact may cause temporary irritation.
- **Serious eye damage/eye irritation:** Direct contact with eyes may cause temporary irritation.
- **Respiratory or skin sensitization:** This product is not expected to cause skin or respiratory sensitization.
- **Germ cell mutagenicity:** No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.
- **Carcinogenicity:** This product is not considered to be a carcinogen.
- **Reproductive toxicity:** This product is not expected to cause reproductive or developmental effects.
- **Specific target organ toxicity single exposure:** Not classified.
- **Specific target organ toxicity repeated exposure:** Not classified.
- **Aspiration hazard:** Not an aspiration hazard.

**Section 12: Ecological information**

**12.1. Toxicity:**

Slightly hazardous for water (WGK 1 - Low water hazard)

**12.2. Persistence and degradability:**

No impediment to the biodegradability of activated sludge in purification plants. Biodegradability: >90% biodegradable (OECD: readily biodegradable)

**12.3. Bioaccumulative potential:**

Biological assimilation of the inorganic components: 100%

**12.4. Mobility in soil:** No informations available.

## SAFETY DATA SHEET

Product: LithoFoam® SL 200-L

Version: 02/2016

### 12.5. Results of PBT and vPvB assessment:

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher

12.6. Other adverse effects: no harmful effects.

## Section 13: Disposal considerations

13.1. Waste treatment methods: Refer to Waste Management Authority. Dispose of contents/container in accordance with local/regional/national/international regulations. Large quantities are returnable.

## Section 14: Transport information

14.1. UN-Number: not applicable

14.2. UN proper shipping name: not applicable

14.3. Transport hazard class(es): not applicable

14.4. Packing group: not applicable

14.5. Environmental hazards: No environmental hazards

14.6. Special precautions for user: no special precautions necessary

14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code: not applicable

## Section 15: Regulatory information

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

- **National regulations: General Classification Guideline for Preparations of the EC (BetrSichV):** not applicable
- **Water hazard class:** WGK 1 (Low water hazard)
- **Regulation (EC) No 850/2004 of the European Parliament and of the Council of 29 April 2004 on persistent organic pollutants:** not applicable
- **Directive 2012/18/EU of the European Parliament and of the Council of 4 July 2012 on the control of major-accident hazards involving dangerous substances:** not applicable
- **Hazardous ingredients for labeling:** not applicable.

**SAFETY DATA SHEET**

Product: LithoFoam® SL 200-L

Version: 02/2016

**Section 16: Further informations**

This information applies to the product LithoFoam® SL 200-L.

It does not constitute a properties guarantee and does not apply to any subsequent products possibly deriving therefrom.
